CENTS.

130. 471 *1793 Unique chain cent.* The head not as high as, but broader and more finely executed than on those previously known; the hair very fine and profuse, almost touching the 1 in 1793. LIBERTY, 1793, no periods after either. The letters

of the word Liberty are evenly spaced, which is not the case with the other dies. Reverse same as formerly known; UNITED STATES OF AMERICA. Edge: Vine and bars. Extremely fine, sharp impression; the tresses not worn. Beautiful light olive and fine, almost proof surface. This superb cent is from a ~~new~~ obverse die never before described. It was bought in Europe, a few years ago, by the late J. O. Stornay, Esq., and has never been offered at auction. It is worthy of the attention of the most advanced collector, and should command a liberal price.
